

I. S. SIDHU

Director – Business Advisory | Strategy | Infrastructure | Institutional & Business Development

I. S. Sidhu is a senior business and infrastructure professional with **30 years of diverse leadership experience** across Real Estate, Financial Services, Housing & Infrastructure, Education, and Fertilizers & Chemicals. He brings a distinctive combination of **strategic business advisory, infrastructure development, project management, business development, contract management, procurement and institutional engagement** experience.

He has held senior positions across **Government organizations, Central Public Sector Enterprises and the Private Sector**, providing him with a comprehensive understanding of business environments, institutional decision-making, public policy interfaces and stakeholder management.

His professional expertise encompasses **business strategy formulation and implementation, market development, project and programme management, infrastructure advisory, financial services, consultancy and technology-enabled businesses**. He has been involved in evaluating business opportunities, developing strategic initiatives, managing complex assignments and driving execution across diverse sectors.

He has significant experience in **Government and institutional advisory environments**, having been associated with Parliamentary Committees, Government Working Groups and Technical Committees dealing with housing and construction, WTO/GATT, disaster management, technology development and other multi-sectoral issues.

His Board-level exposure includes serving as a **Director on the Board of FACT RCF Building Products Ltd.**, a joint venture between Rashtriya Chemicals & Fertilizers Ltd. and Fertilizers & Chemicals Travancore Ltd.

He holds a **B.E. (Hons.) in Civil Engineering from BITS, Pilani** and an **M.B.A. in Finance & Marketing from Punjabi University, Patiala**. He has also completed an Executive Diploma in Project Management and certification in Project Risk Management, in addition to executive development programmes at leading management institutions including MDI Gurugram, IIM Lucknow and IMT Delhi.

Value Proposition

Bringing together **engineering, management and multi-sector leadership experience**, Sidhu is positioned to advise organisations on **growth strategy, infrastructure-led business opportunities, institutional relationships, project execution, risk management and strategic partnerships**. His experience across Government, Public Sector and Private Sector environments enables him to provide a **practical, execution-oriented and commercially informed perspective** to Boards, promoters, investors and senior management.
